WILDLIFE ECOTOURISM IN

NAM ET-PHOU LOUEY NATIONAL PARK

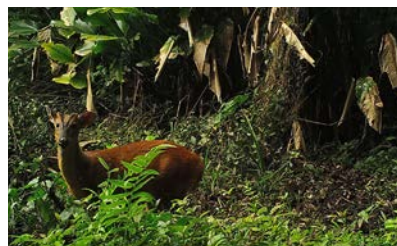

NAM ET-PHOU LOUEY NATIONAL PARK

is the first and the largest national park in Laos, and has one of the greatest wildlife biodiversity in the country. Wildlife Ecotourism in National Park is supported by NGO Wildlife Conservation Society and has been developed to provide additional livelihood opportunities for local people. The activities have been designed to create a direct link between conservation and tourism so that the money generated by visitors acts as an incentive for local people to protect wildlife.

NAM NERN NIGHT SAFARI ALL YEAR LONG

EASY 24 HOUR TOUR. ALL AGES. SINCE 2009.

The trip highlight is the night-time wildlife spotlighting guided by former village hunters: drift silently down the river in canoes looking for wild animals such as Deer, Muntjacs, Civets, Slow Loris, and numerous bird species. In brief:

- Travel by Boat into the National Park
- Best for Nighttime Wildlife Spotting
- Day time Bird Watching
- Optional short hiking to visit an old Buddhist Stupa
- Overnight in comfortable jungle bungalows
- World Responsible Tourism Award in 2013 & 2014!

TREKKING TOURS

MODERATE TO CHALLENGING.

DRY SEASON ONLY (OCT.-JUNE)

SINCE 2016.

- 2 to 5 days trekking into the National Park
- Enter one of the most important wildlife habitats in Laos
- Identify signs of wildlife: Wildcats, Bears, Dholes, etc
- Maintain wildlife monitoring camera traps
- Listen to the Northern White cheeked Gibbon calls
- Overnight in jungle huts or 'The Nests'

- CHALLENGE YOURSELF!

Trek Mt. Phou Louey (Elev. 2257m), the 3rd highest summit in Laos and one of the few cloud forests in the region!
